1 General Information

- Punjab State Transmission Corporation Limited (PSTCL) was incorporated on April 16, 2010 under the Companies Act, 1956. The Certificate of commencement of Business was received on the same date from Registrar of Companies, Chandigarh.
- The Government of Punjab restructured the Punjab State Electricity Board under the provisions of the Electricity Act, 2003. In exercise of Powers conferred by Section 131, 132 and 133 of the Act, the Government of Punjab made a Scheme called the Punjab Power Sector Reforms Transfer Scheme, 2010 (Transfer Scheme) vide Notification dated April 16, 2010 which interalia provided for transfer of functions, undertakings assets, properties, rights, liabilities, obligations, proceedings and personnel of Punjab State Electricity Board. The Scheme was subsequently amended by State Government by making a Scheme called the Punjab Power Sector Reforms Transfer (First Amendment) Scheme, 2012 which was notified on December 24, 2012.
- In exercise of the powers conferred by sub clause 4 of clause 5 of the Transfer Scheme read with Section 131, 132 & 133 of the Act, the Government of Punjab transferred and vested the transmission undertaking with Punjab State Transmission Corporation Limited by way of Notifications No. 1/4/04-EB/PR/620 & 632 dated December 24, 2012 by vesting the transmission undertaking aggregate value of assets & liabilities of Rs. 4,114.28 crores as on April 16, 2010 and from the said date, Company is carrying on the business of transmission of electricity in the State of Punjab and discharging the functions of State Load Dispatch Centre.

2 Significant Accounting Policies

2.1 Basis of preparation of Financial Statements

i) Statement of Compliance

- The financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) as notified by Ministry of Corporate Affairs, under the provisions of the Companies Act, 2013 ('Act') (to the extent notified), applicable provisions of the Companies Act, 1956 and the provisions of the Electricity Act, 2003 to the extent applicable. The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.
- The Company has adopted Ind AS standards and the adoption was carried
 out in accordance with Ind AS 101 First time adoption of Indian Accounting
 Standards. For all the periods up to and including 31 March 2016, the
 Company prepared its financial statements in accordance with Generally

Accepted Accounting Principles (GAAP) in India, accounting standards specified under Section 133 of the Companies Act, 2013 (to the extent notified and applicable) read with Companies (Accounting Standards) Rules, 2006 (as amended), applicable provisions of the Companies Act, 1956, and the provisions of the Electricity Act, 2003 to the extent applicable. The Company followed the provisions of Ind AS 101 in preparing its opening Ind AS Balance Sheet as of the date of transition, viz. 1 April 2015.

Accounting policies have been consistently applied except where a newly
issued accounting standard is initially adopted or a revision to an existing
accounting standard requires a change in the accounting policy hitherto in
use.

ii) Basis of Measurement

• The financial statements are prepared on the accrual basis of accounting under Historical cost convention except specifically mentioned in relevant accounting policies.

iii) Use of estimates and judgment

• The preparation of financial statements is in conformity with Ind AS which requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure/s, at the end of the reporting period. The estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

iv) Functional and presentation currency

• These financial statements are presented in Indian rupees, the national currency of India, which is the functional currency of the Company.

2.2 Property, Plant and Equipment (PPE)

• The Company has adopted the cost model of recognition under Ind AS 16 to measure the Property, Plant and Equipment. Consequently, all Property, Plant and Equipment are carried at its cost less accumulated depreciation and accumulated impairment losses, if any.

 The cost of an item of Property, Plant and Equipment comprises its purchase price, including import duties and non-refundable taxes, after deducting trade discounts and rebates, any directly attributable expenditure to bring the Property, Plant and Equipment to the location and making it ready for its intended use.

- Property, Plant and Equipment acquired as replacement of the existing assets/ component are capitalized and its corresponding replaced assets/ component removed/ retired from active use are derecognized.
- Spares parts procured along with the Plant & Machinery or subsequently which meets the recognition criteria of Property, Plant and Equipment are capitalized and added in the carrying amount of such item. The carrying amount of spare parts that are replaced is derecognized when no future economic benefits are expected from their use or upon disposal. Other machinery spares are treated as "stores & spares" forming part of the inventory.
- Stand-by equipment are recognised in accordance with Ind AS 16 when they meet the definition of Property, Plant and Equipment. Otherwise, such items are classified as inventory.
- Gains or losses arising from derecognition of an item of Property, Plant and Equipment is measured as the difference between the net disposal proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss when the asset is derecognized.
- In case of Property, Plant and Equipment 100% funded by consumer contribution, amount equal to the annual depreciation on such Property, Plant and Equipment has been transferred from deferred income to depreciation.
- In case of Property, Plant and Equipment part funded by consumer contribution, proportionate amount of the annual depreciation has been transferred from deferred income to depreciation and balance depreciation is transferred to Profit & Loss Account.
- In respect of supply-cum-erection contracts, the value of supplies received at site and accepted is treated as Capital Work-in-progress.
- Claims for price variation/exchange rate variation in case of contracts are accounted for on acceptance of claims.

2.3 Capital work in progress

- Projects under which the Property, Plant and Equipment are not yet ready for their intended use are carried at cost, comprising direct costs, related incidental expenses and attributable interest.
- All expenditure relating to Capital works of Transmission System Organization are allocated to the capital projects on pro rata basis.

2.4 Capital Stores

• Materials purchased for capital projects are classified as Capital stores and these are valued at cost.

2.5 Depreciation and Amortization

- In line with Part B of Schedule II to Companies Act 2013, with effect from April 01, 2020, depreciation is provided as per PSERC (Terms and Conditions for Determination of Generation, Transmission, Wheeling and Retail Supply Tariff) Regulations, 2019 as amended from time to time. In accordance with PSERC Regulations depreciation has been provided on the straight line method over the useful life of the asset at the rates of depreciation specified in Appendix I of the Central Electricity Regulatory Commission (Terms & Conditions of Tariff) Regulations, 2019 as amended from time to time.
- The tangible Property, Plant and Equipment are depreciated up to 90% of the original cost after taking 10% as residual value of Property, Plant and Equipment.
 Provided that the remaining depreciable value as on 31st March of the year closing after a period of 12 years from date of commercial operation/put in use of the asset shall be spread over the balance useful life of the assets as per PSERC Regulations 2014 as amended from time to time.
- Temporary erections are depreciated fully (100%) in the year of acquisitions/capitalization by taking the written down value as INR 1/- for control purpose.
- Intangible assets and other tangible assets for which useful life is not determined by CERC/PSERC, are amortised/depreciated on straight line method at rates specified in Appendix I of Central Electricity Regulatory Commission (Terms & Conditions of Tariff) Regulations, 2019 as amended from time to time till PSERC notifies the same.
- IT Equipment and Software shall be depreciated upto 100% by taking the written down value as INR 1/- for control purpose.
- Depreciation on additions to/deductions from Property, Plant and Equipment during the year is charged on pro-rata basis from the month of such addition or as the case may be up to the month in which such Property, Plant and Equipment is sold, discarded, demolished or destroyed.

- Property, Plant and Equipment costing up to Rs. 5,000/- each are fully depreciated in the year of acquisition except where specific classification has been prescribed for the purpose of depreciation under the classification Furniture & Fixtures and Office Equipment.
- Leasehold assets (including "Right-of-use" (ROU) Assets) are depreciated/ amortized over the period of lease, including the optional period of lease, as per terms of lease agreements.

2.6 Government Grant / Assistance

- The Company may receive government grants/subsidy that require compliance with certain conditions related to the Company's operating activities or are provided to the Company by way of financial assistance on the basis of certain qualifying criteria.
- Government grants/subsidy are recognised when there is reasonable assurance that the grant will be received and the Company will be able to comply with the conditions attached to them. These grants/subsidy are classified as grants relating to assets or revenue based on the nature of the grant.
- Government grants/subsidy with a condition to purchase, construct or otherwise acquire long term assets are initially recognised as deferred income. Once recognised as deferred income, such grants are recognised in the statement of profit and loss on a systematic basis over the useful life of the asset. Changes in estimates are recognised prospectively over the remaining life of the assets.
- Grant in the form of revenue grant/subsidy are deferred and recognised in the statement of profit and loss over the period that the related costs, for which it is intended to compensate, are expensed.

2.7 Impairment

If the recoverable amount of an asset (or cash-generating unit) is estimated to
be less than its carrying amount, the carrying amount of the asset (or cashgenerating unit) is reduced to its recoverable amount. An impairment loss is
recognized immediately in statement of profit and loss, unless the relevant
asset is carried at a revalue amount, in which case the impairment loss is
treated as a revaluation decrease.

- Recoverable amount is the higher of fair value less costs of disposal or value
 in use. In assessing value in use, the estimated future cash flows are
 discounted to their present value using a pre-tax discount rate that reflects
 current market assessments of the time value of money and the risks specific
 to the asset for which the estimates of future cash flows have not been
 adjusted.
- At the end of each reporting period, the company reviews the carrying amounts of its tangible, intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

2.8 Leases

 Lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership.

As a lessee

- On the commencement of a Lease, the "Right-of-use" (ROU) Asset is recognized under Property, Plant & Equipment (PPE) and measured at cost. The corresponding lease liability is also recognized and measured at the present value of the lease payments/lease rental obligations that are not paid at that date. The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the lessee shall use the lessee's incremental borrowing rate.
- Subsequently, the "Right-of-use" Asset is carried at its cost less accumulated depreciation/amortization and accumulated impairment losses, if any. The lease liability is measured over the lease term by increasing the carrying amount to reflect interest on lease liability and reducing the carrying amount to reflect the lease payments made during the period and is included in borrowings or other financial liabilities as appropriate.
- The carrying amount of lease liability will be remeasured/reassessed on modifications in lease agreement or revision in-substance fixed lease payments of a lease (if any) along with the adjustment for the same in the "Right-of-use" Asset.
- Each lease payment is allocated between the liability and finance cost. The
 finance cost is charged to the profit or loss over the lease period so as to
 produce a constant periodic rate of interest on the remaining balance of the
 liability for each period.

- "Right-of-use" Asset shall also be fully depreciated/amortized over the period of lease as per the lease agreement.
- Lease payments, associated with short-term leases or leases for which the
 underlying asset is of low value, are charged to the profit or loss as an
 expense on a straight-line basis over the lease term.

As a lessor

 Lease income from operating leases is recognized in income on a straightline basis over the lease term of relevant lease.

2.9 Borrowing costs

- Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings.
- General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying asset are capitalized as part of the cost of the respective asset.
- A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale.
- Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.
- To the extent that an entity borrows funds generally and uses them for the
 purpose of obtaining a qualifying asset, the entity shall determine the
 amount of borrowing costs eligible for capitalisation by applying a
 capitalisation rate to the expenditures on that asset. The borrowing cost is
 capitalized on the basis of weighted average formula as under:
 - a) Average of total opening and closing balance of CWIP
 - b) Weighted Average of loans utilized during the financial year for capital works
 - c) Interest paid and provided for the year on loans for capital works
 - d) Capitalization of borrowing cost = $c \times a / b$.

Other borrowing costs are expensed in the period in which they are incurred.

2.10 Inventories

- Inventories are valued at lower of cost determined on weighted average basis or net realizable value.
- The cost of inventories comprise of all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

- The costs of purchase consist of the purchase price including duties and taxes (other than those subsequently recoverable by the enterprise from the taxing authorities), freight inwards and other expenditure directly attributable to the acquisition.
- The diminution in the value of obsolete, unserviceable and surplus stores and spares is ascertained on review and provided for.

2.11 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash
equivalents are short-term balances (with an original maturity of three
months or less from the date of acquisition), highly liquid investments that
are readily convertible into known amounts of cash and which are subject to
insignificant risk of changes in value.

2.12 Revenue recognition

- Transmission income is accounted for as and when accrued on the basis of tariff orders notified by Punjab State Electricity Regulatory Commission.
- Income from open access consumers is accounted for on the basis of Regulations read with the Tariff Orders notified by Punjab State Electricity Regulatory Commission.
- Income from natural interstate lines is accounted for on actual receipt basis.
- Other income is recognized on accrual basis except when ultimate realisation of such income is uncertain.
- Late/Delayed Payment Surcharges (DPS) on Transmission Charges is accounted for on accrual basis, where clause for levy of such type of surcharges (DPS) exists in Transmission/other agreements.
- Other Late payment surcharges, liquidated damages/warranty claims and Interest on advances to suppliers are accounted for on actual receipt basis.
- Value of waste and scrap is accounted for as and when sold.
- Revenue is measured at fair value of the consideration received or receivable.

Interest Income

 Interest income is recognized on a time proportion basis, by reference to the principal outstanding and the rate applicable, using the effective interest rate method (EIR).

• Interest income accrued on staff loans and advances are provided on accrual basis. Interest is recovered after recovery of principal amount.

2.13 Expense

• All expenses are accounted for on accrual basis except leave travel concessions, medical reimbursements, TA/DA claims, dearness allowance and arrears of salary which are accounted for on payment basis in the year these are paid.

2.14 Employee Benefits

- Employees working in PSTCL on deputation / secondment from PSPCL either are covered under the Pension Scheme or NPS Scheme.
- Pursuant to the Punjab Power Sector Reforms Transfer (First Amendment) Scheme 2012, there shall be common Employee Benefit Trusts for Pension, Gratuity and Leave Encashment for both PSTCL and PSPCL which shall be progressively funded by PSPCL & PSTCL respectively, as decided by Punjab State Electricity Regulatory Commission, in the ratio of 88.64: 11.36 over a period of 15 Financial Years commencing from 1st April, 2014. The terminal benefits liability accruing during the period of progressive funding, and thereafter, shall be shared in the same ratio by the both corporations. The actual amount of pension, gratuity and leave encashment paid/to be paid on and with effect from 16th April, 2010 to 31st March, 2014 shall be shared by the PSPCL and PSTCL, in the ratio of 88.64: 11.36 on yearly basis.
- Provisions towards Gratuity and Leave Encashment in respect of employees recruited by the company are made based on actuarial valuation using the projected unit credit method.
- Re-measurement, comprising actuarial gains and losses, are recognised in the period in which they occur, directly in other comprehensive income.
 Remeasurement gains and losses are included in retained earnings in the statement of changes in equity and in the balance sheet.
- Short term employee benefits obligations are measured on an undiscounted basis and are expenses as the related services provided. A liability is recognized for the amount expected to be paid under short-term employee benefits if the company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

2.15 Income taxes

- Income tax expense for the year represents the sum of the current tax and deferred tax.
- Current tax is the expected tax payable/receivable on the taxable income/ loss for the year calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.
- Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding amounts used for taxation purpose.
- Deferred tax liabilities are generally recognized for all taxable temporary differences.
- Deferred tax assets are generally recognized only to the extent that it is
 probable that future taxable profits will be available against which the assets
 can be utilized. The carrying amount of deferred tax assets is reviewed at the
 end of each reporting period and reduced to the extent that it is no longer
 probable that the related tax benefit will be realized.
- Deferred tax recovery adjustment account is credited/ debited to the extent tax expenses is chargeable from the beneficiaries in future years on actual payment basis.
- Current and deferred tax are recognized in profit or loss, except when they
 relate to items that are recognized in other comprehensive income or directly
 in equity, in which case, the current and deferred tax are also recognized in
 other comprehensive income or directly in equity respectively.

2.16 Earnings per Share

- The earnings considered in ascertaining the Company's EPS comprises of the net profit / loss after tax. Basic earnings per equity share is computed by dividing net profit / loss after tax by the weighted average number of equity shares outstanding during the year.
- Diluted earnings per equity share is computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the year. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

2.17 Provisions

A provision is recognized when the company has a present obligation (Legal
or Constructive) as a result of past event and it is probable that an outflow of
resources will be required to settle the obligation in respect of which a
reliable estimate can be made.

2.18 Contingent liabilities

- Contingent liabilities are not recognized but disclosed in Notes when the
 company has possible obligation due to past events and existence of the
 obligation depends upon occurrence or non-occurrence of future events not
 wholly within the control of the company.
- Contingent liabilities are assessed continuously to determine whether outflow of economic resources have become probable. If the outflow becomes probable then relative provision is recognized in the financial statements.

2.19 Contingent Assets

- Contingent Assets are not recognized but disclosed in Notes which usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits.
- Contingent assets are assessed continuously to determine whether inflow of economic benefits becomes virtually certain, then such assets and the relative income will be recognised in the financial statements

2.20 Segment Reporting

- Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Chairman cum Managing Director (CMD) of the Company has been identified as the Chief Operating Decision Maker (CODM) as defined by Ind AS-108, "Operating Segments."
- The Company is primarily engaged in single segment business of transmission of Power and State load distribution center functions. There is no reportable primary segment identification in accordance with the Ind AS-108.

2.21 Prior Period

Material Prior period(s) errors are corrected retrospectively by restating the
comparative amounts for the prior periods to the extent practicable along
with change in basic and diluted earnings per share. However, if the error
relates to a period prior to the comparative period, opening balances of the
assets, liabilities and equity of the comparative period presented are
restated.

2.22 Insurance claims

 Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

2.23 Financial instruments

Financial assets:

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument and are initially recognised at fair value and directly attributable transaction costs towards acquisition or issue of the financial asset are added to or deducted from the fair value on initial recognition except for financial assets which are recognised at fair value through profit and loss.

Financial assets are classified as those measured at:

- amortised cost, where the financial assets are held solely for collection of cash flows arising from payments of principal and/or interest
- fair value through other comprehensive income (FVTOCI), where the financial assets are held not only for collection of cash flows arising from payments of principal and/or interest but also from the sale of such assets. Such assets are subsequently measured at FVOCI.
- fair value through profit or loss (FVTPL), where the financial assets are not classified either at amortised cost or FVTOCI.

Financial assets include trade receivables, advances, security deposits, cash and cash equivalents etc and are classified for measurement at amortised cost.

Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired.

• Impairment:

The Company at each reporting date tests a financial asset or a group of financial assets (other than financial assets held at fair value through profit or loss) for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and impairment loss recognised if the credit risk of the financial asset is significantly increased.

The impairment losses and reversals are recognised in statement of profit and loss.

• Derecognition:

Financial assets are derecognized when the contractual right to receive cash flows from the financial assets expires, or transfers the contractual rights to receive the cash flows from the asset.

Financial liabilities:

Borrowings, trade payables or other financial liabilities are initially recognised at the value of the respective contractual obligations. They are subsequently measured at amortised cost using the effective interest rate method.

Derecognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Offsetting financial instruments:

Financial assets and liabilities are offset and the net amount is included in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously.

Note 3.1

Assets amounting to Rs. 2588.16 crore out of the total assets of Rs. 10684.24 crore are hypothecated as security to Financial Institutions.

i Land and land rights include the land for which title deeds are not in the name of Company, but the ownership of which accrues to PSTCL by operation of law through Transfer scheme notified by Punjab Government on 24.12.2012. Further, all these lands are in peaceful possession of PSTCL and investment has already been made on such lands for creation of assets which are owned by PSTCL. But the title deeds of land vested with PSTCL are available with PSPCL. The company has details/allotment letters/deeds in respect of land procured after 16.04.2010.

ii The accounting units of the Company are maintaining Fixed Asset Registers. The Fixed Asset Register category wise and value wise has also been prepared at Corporate Level.

iii Physical verification of the Fixed Assets have been carried out at the accounting unit level as on 31.03.2022 and no discrepancies have been noticed. Note 3.2:

Note 32.5: Employee benefits expenses - Electricity Concession to PSTCL Employees working on deputation from PSPCL

The employees on deputation from PSPCL are entitled to electricity concession under the provisions of the Transfer Scheme, 2010. As agreed with PSPCL, the total concession availed by the employees of both PSPCL and PSTCL have been apportioned between the two companies in the ratio of average number of employees during the period under report. The share of PSTCL is yet to be finalized by PSPCL.

Note 32.6: Employee benefits expenses - Terminal benefits

Pursuant to the Punjab Power Sector Reforms Transfer (First Amendment) Scheme 2012, the Terminal Benefit Trust in respect of pension, gratuity and leave encashment shall be progressively funded by Powercom and Transco respectively, in the ratio of 88.64: 11.36, over a period of 15 financial years commencing from 1st April, 2014. PSERC is not allowing progressive funding to PSTCL on the ground that the tariff regulations of PSERC provides for payment of terminal liabilities on the principle of "Pay as you go" basis. Therefore, the amount of Rs. 334.61 crores (tentative) being 11.36% of total amount as intimated by PSPCL has been taken into account being the amount paid during the year. No provision has been made on account of PSTCL share for progressive funding as per Punjab Power Sector Reforms Transfer (First Amendment) Scheme 2012. The share of PSTCL based on Actuarial valuation is yet to be finalized by PSPCL.

Note 32.7 - Ind AS-19 is not applicable in respect of employees working in PSTCL on deputation/secondment from PSPCL.

45 Fair Value Hierarchy

- Level 1 Level 1 hierarchy includes financial instruments measured using quoted prices (unadjusted) in active markets.
- Level 2 Level 2 hierarchy includes financial instruments measured using inputs other than quoted prices included within Level 1 that are observable for
 the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 Level 3 hierarchy includes financial instruments measured using inputs that are not based on observable market data (unobservable inputs).

The following table present fair value hierarchy of assets and liabilities measured at fair value

(Rupees in Lacs)

| Significant unobservable inputs | Interest rate of similar loan (i.e. 10.85%) | Interest rate of similar loan (i.e. 10.85%) |

^{**}Interest free loan received from PSPCL. Loan is shown at its fair value and remaining amount appeared in Deferred Income under non current liabilities using (DCF) Valuation technique and key inputs.

46 Financial risk management

Financial risk factors

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

| Risk | Exposure arising from | Measurement | Remarks |
|----------------------------|--|----------------------|---|
| Market risk- Interest rate | Long term borrowings at variable rate of | Sensitivity analysis | The Company has not taken any measure to avoid risk |
| 1 | interest | | arising from interest rate. Since company is able to obtain |
| | | | finance at competitive interest rate |
| Credit risk | Cash and cash equivalent, trade receivables, | Ageing analysis | Majority of receivable are from Government undertaking. |
| | financial instruments. | Credit rating | They are unsecured but considered good. |
| Liquidity risk | Borrowings and other liabilities | Rolling cash flow | Maintaining adequate cash and cash equivalent |
| | _ | forecasts | - |

a) Market Risk

Interest rate risk

The company's main interest rate risk arise from long term borrowings with variable rates, which expose the company to cash flow interest rate risk. Company's borrowings are denominated in INR currency during March 31, 2022 and March 31, 2021.

The exposure of company's borrowings to interest rate changes at the end of reporting period are as follows:

| | | (Rupees in Lucs) |
|--------------------------|----------------|------------------|
| Particulars | March 31, 2022 | March 31, 2021 |
| Variable rate borrowings | 1,51,921.50 | 98,810.85 |
| Fixed rate borrowings | 1,87,420.99 | 1,10,104.91 |
| Total borrowings | 3,39,342,49 | 2,08,915.76 |

The above table covers all variable rate borrowing except REC & PFC loan. The Company is availing loan in many trenches so it is very difficult/cumbersome and impracticable for them to figured out variable portion attached in the REC Loans as the same have been received in various trenches.

Sensitivity

Profit or loss is sensitive to higher/lower expense from borrowings as a result of change in interest rates. The table summarizes the impact of increase/decrease in interest rates on Profit or loss.

| | | (Rupees in Lacs) | |
|---|----------------------------|------------------|--|
| Particulars | Impact on profit after tax | | |
| Tarticulais | March 31, 2022 | March 31, 2021 | |
| Interest rates- increase by 50 basis Pts. | (2,002.60) | (1,591.73) | |
| Interest rates- decrease by 50 basis Pts | 2.002.60 | 1.591.73 | |

b) Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables and unbilled revenue. Accordingly, credit risk from trade receivables has been separately evaluated from all other financial assets in the following paragraphs.

i) Trade Receivables

The company has outstanding trade receivables amounting to Rs. 39309.34 lacs (March 31, 2022) and Rs. 28,787.79 lacs (March 31, 2021). Trade receivables are typically unsecured and are derived from revenue earned from customers.

Credit risk exposure

An analysis of age of trade receivables at each reporting date is summarized as follows:

(Rupees in Lacs)

| Particulars | March 31, 2022 | | March 31, 2021 | |
|-------------------------------|----------------|------------|----------------|------------|
| | Gross Amount | Impairment | Gross Amount | Impairment |
| Not due | 36,824.76 | | 26,293.32 | |
| Past due less than six months | 30.38 | - | 32.60 | - |
| Past due more than six months | 2,452.92 | - | 2,453.32 | - |
| Total | 39,308.05 | - | 28,779.24 | |

Trade receivables are impaired when recoverability is considered doubtful based on the recovery analysis performed by the company for individual trade receivables. The company considers that all the above financial assets that are not impaired and past due for each reporting dates under review are of good credit quality except Rs. 3.92 lacs for which provision for doubtful dues from consumers has already been made during the FY 2020-21.

The company does not hold any collateral or other enhancements to cover its credit risks associated with its financial assets.

ii) Other financial assets

The Company held cash and cash equivalents of Rs. 1835.87 lacs March 31, 2022 and Rs. 1810.17 lacs March 31, 2021. The cash and cash equivalents are held with public sector banks and high rated private sector banks and do not have any significant credit risk.

c) Liquidity Risk

The company's principal sources of liquidity are cash and cash equivalents, cash generated from operations.

Company manages its liquidity needs by continuously monitoring cash inflows and by maintaining adequate cash and cash equivalents. Net cash requirements are compared to available cash in order to determine any shortfalls.

Short term liquidity requirements consists mainly of sundry creditors, expense payable, other payable arising during the normal course of business as at each reporting date. Company maintains a sufficient balance in cash and cash equivalents to meet its short term liquidity requirements.

Company assess long term liquidity requirements on a periodical basis and manage them through internal accruals.

The table below provides details regarding the contractual maturities of non-derivative financial liabilities. The amount disclosed in the table is the contractual undiscounted cash flows. The table includes both principal & interest cash flows.

47 Capital Management

Risk Management:

The Company's objectives when managing capital are to:

- 1. Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits to other stakeholders, and
- 2. Maintain an optimal capital structure to reduce the cost of capital.

Consistent with others in the Industry, the Company monitors capital on the basis of following ratio:

Net Debt (Total Borrowings) divided by

Total 'Equity' as shown in the Balance Sheet

The debt -equity ratio of the Company is as follows:

(Rupees in Lacs)

| Particulars | As at March 31, 2022 | As at March 31, 2021 (Restated) |
|------------------------------------|----------------------|------------------------------------|
| Long term debt | 4,01,429.97 | 4,29,955.47 |
| Equity (including Capital Reserve) | 3,05,063.83 | 2,83,553.88 |
| Debt-Equity Ratio | 1.32 | 1.52 |

48 Disclosure in respect of Indian Accounting Standard (Ind AS)-23 "Borrowing Costs"

The amount capitalized with Property, Plant & Equipment's as borrowing cost is Rs. 1170.39 lacs & Rs. 1272.56 lacs for the year ended March 31, 2022 & March 31, 2021 respectively on the basis of Weighted Average method as capitalization rate 9.13 % and 10.37 % respectively, as per policy of borrowing cost as mentioned in significant accounting policies.

In FY 2021-22, policy of borrowing cost has been changed for providing reliable and more relevant interest rate for capitalization. As per old policy, the borrowing costs capitalization rate comes to 5.52%, but due to change in formula the new interest capitalization rate comes to 9.13% for the loans utilized for capital works. As per old rate, the borrowing costs capitalized comes to Rs. 707.62 lacs. As such there is increase in borrowing costs capitalization amounting Rs. 462.77 lacs.

49 Disclosure in respect of Indian Accounting Standard (Ind AS)-36 "Impairment of assets"

The company has assessed there is no impairment of Fixed Assets being classified under major heads such as Land, Building, Plant and Machinery, Lines & Cables. In case of Assets not in use - Damaged/Unrepairable impairment loss of Rs. (-) 174.40 lacs and Rs. (-) 46.76 lacs has recognised in March 2022 and March 2021 respectively.

50 Disclosure in respect of Indian Accounting standard (Ind AS) 116 "Leases" As lessee

| i | Micro, Small, Medium | - | - | - | - | - | - |

61 Detail of Immoveable Properties whose title deeds are not in the name of PSTCLas on 31.03.2022

(Rupees in Lacs)

| | | | | Whether title deed holder is | | |
|-----|------------------------|----------|-------------------------|------------------------------|---------------------|----------------------|
| 1 | | Gross | | a promoter, director or | | Reason for not being |
| Sr. | Description of Item of | | Title deeds held in the | relative of a | Property held since | held in the name of |
| No. | Property | carrying | name of | promoter*/director or | which date | the PSTCL (indicate |
| 1 | | value | | employee of | | disputed case also) |
| | | | | promoter/director | | |

The title deeds of immoveable properties procured before 16.04.2010 are not mutated in the name of PSTCL, but the ownership of such assets accrued to PSTCL by operation of law through Transfer scheme notified by Punjab Govt. on 24.12.2012. The corporation is in the process of obtaining the said title deeds available with PSPCL (as the Estate of erstwhile PSEB which is now functioning under PSPCL after unbundling and is the custodian of such title deeds). The company has details/allotment letters/deeds in respect of land procured after 16.04.2010.

- 62 There are some unidentifiable receivables and payables which pertain to erstwhile PSEB period and are very old which are being examined in detail and will be reconciled in due course of time for effecting the required corrections, adjustments and set offs as the case may be.
- 63 PSTCL has measured its borrowings initially at fair value and subsequently measured at amortized cost except in case of transaction cost incurred on account of Guarantee fees. The loans taken on Guarantee fees are drawn in multiple tranches and with variable rate of interest. PSTCL has not measured the non-current borrowings at amortized cost using effective interest rate (EIR) method of Guarantee fees being immaterial in consideration to the size and turnover of the Company.
- Ouring the year a sum of Rs. 38.96 lacs appearing as negative balances in CWIP due to material returned to store adjusted vide various SRWs has been reduced from the respective assets. Due to this, depreciation of Rs. 6.77 lacs has been reduced during the year keeping in view the immateriality for showing in the previous years.
- 65 PSTCL is recognizing the revenue on the basis of tariff orders issued by the Hon'ble Commission (PSERC). Some of the decisions of PSERC have been challenged in the APTEL/ Supreme Court. PSTCL will account for the amount on the basis of outcome of the pending cases in APTEL/Supreme Court.
- 66 Some of the assets as allocated to the Company, vide Notification dated 24.12.2012 by the Govt. of Punjab, are being utilized by Punjab State Power Corporation Ltd. (PSPCL). Similarly, the Company is also using some of the assets of PSPCL. The accounting of rentals payable/receivable to/from PSPCL has not been made in the accounts of Company in the absence of any agreement between the two Companies for use of such assets.
- As per Ind AS-12, the deferred tax assets (the deferred tax benefits) should be recognized only when there is a certainty for the income generation in future which can be utilized for setting off the said deferred tax assets. Considering the accumulated unabsorbed losses, it is not probable that the same can be set off with the future income within the allowable period specified in the Income Tax Act 1961. In view of the said uncertainty, it is considered prudent not to recognize the deferred tax asset in the current financial year 2021-22.
- 68 The balances of trade receivables, advances to suppliers/contractors, loans & advances and other parties shown in the accounts are subject to confirmation.
- 69 MAT Credit is not recognized in the books of accounts as the company has exercised the option of Section 115BAA of Income Tax Act, 1961 for FY 2020-21 (AY- 2021-22) onwards.
- 70 The books of account of Civil Circle, Patiala include completed assets of Plant & Machinery which has not been transferred to the respective P&M Divisions. Pending transfer of completed assets which relates to erstwhile PSEB period, to the concerned P&M divisions, depreciation of Rs.63.87 lacs has been charged during FY 2021-22 on all such completed assets in respect of Civil Circle Patiala has been charged to P&L account.

PUNJAB STATE TRANSMISSION CORPORATION LIMITED

71 The previous year's figures have been reclassified/regrouped/merged/restated for the purpose of comparison with the current year's figures in the Balance Sheet, Statement of Profit & Loss and Notes to accounts, wherever necessary.
