Memo. No: 2308/13 Sr.Xen/TC/ 263 Date: 20.11.19

Subject: Regarding Nomination for Best managed Grid Sub Station, Best Transmission Line and Best Green Sub-Station to be awarded on the occasion of Republic day (26th January, 2020).

Please refer to the subject cited above.

In this regard, it is brought out that to motivate the employees of all Sub-Stations & Transmission Lines, the Best Managed Grid Sub-Station and Best Managed Transmission Line are awarded on the occasion of Republic Day Celebrations every year by PSTCL.

As per existing practice, for this purpose the **Screening Committee** comprising CE/P&M, Ludhiana and all Dy.CEs/SEs under CE/P&M, Ludhiana, shall nominate Sub-Stations and Transmission Lines as per the criteria got approved by Chief Engineer/P&M, from Director/Technical (copy attached) and send their nominations to this office so that the same may be put up to **Selection Committee** for consideration and final selection and also requested to send the nominations of 5 no. Sub-Stations (One from each Circle) for the Best Green Sub-Station and one Runner-up Green Sub-Station award.

All the above nominations may please be sent latest by 2nd January, 2020.

DA/Copy of approved criteria

Subject:- Selection for best managed Grid sub-station and transmission line

Ref:- Dy C.E/Admn. Memo No- 924/29, Dated- 28-06-17 and Dy C.E/Admn. O/o No- 62, Dated- 28-06-17

It is an adopted practice of awarding best managed sub-stations and transmission lines in PSTCL by Worthy CMD during Republic day celebrations. To continue this tradition a new selection criteria for sub-stations and transmission lines has been prepared and enclosed herewith (A-1, A-2, A-3 & A-4). The previous selection criteria of selecting best managed sub-station and transmission line from all the 132 KV, 220 KV and 400 KV sub-stations and transmission lines under PSTCL doesn't give a fair opportunity to all the participants. In the previous guidelines issued for screening committee, few parameters were not applicable on 132 KV and 400 KV sub-stations. Since a new sub-stations always hold an advantage over the old sub-stations, so to establish a level playing field, it is proposed to select best managed sub-station and transmission line in each of the following categories-

1. 400 KV
2. 220 KV (upto 15 years old)
3. 220 KV (more than 15 years old)
4. 132 KV

Since no guidelines have been issued for selecting "Best Green Sub-station" as per Dy C.E/Admn. O/o No- 62, Dated- 28-06-17, so required guidelines have been proposed as per A-5.

Submitted for kind consideration and approval, please
